Apopo vzw

Report of the independent auditor

BDO Bedrijfsrevisoren CVBA / BTW BE 0431.088.289 / RPR Brussel

BDO Bedrijfsrevisoren CVBA, a cooperative company with limited liability, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

1. Engagement

We have been engaged by Apopo vzw to perform specified procedures with regard to the 2019 financial statements of Apopo vzw. We have conducted these procedures in accordance with the International Standard for Assurance Engagements (ISAE) 3000 and reported accordingly to the board of directors.

This report is intended for the donors of Apopo vzw, and contains the key findings, as included in our report to the board of the directors, relevant for the donors.

2. Scope of the procedures

We have conducted our procedures in accordance with the International Standard for Assurance Engagements (ISAE) 3000. This standard requires that we organize our work in such a manner that reasonable assurance can be obtained with regard to the scope of the engagement. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We have conducted the below procedures with regard to the 2019 financial statements:

- Reconciliation of the analytical accounts per cost center to the financial statements
- Analytical review of the financial statements
- Comparison of the book value with the market value of the investment portfolio
- Reconciliation of the main cash balances to bank statements

3. Factual findings

- We have been able to reconcile the analytical accounts per cost center to the financial statements as per 31 December 2019.
- We have been able to sufficiently explain all significant evolutions in the financial statements of Apopo vzw as per 31 December 2019, compared to the financial statements as per 31 December 2018.
- We have confirmed that the book value of the investment portfolio is not overstated, based on the market values as per 31 December 2019.
- We have reconciled the main cash balances to the underlying bank statements.

4. Conclusion

No matters came to our attention that the costs, as included in the 2019 financial statements, are not related to the activities of Apopo vzw, and therefore should not have been assigned to the different donor programs.
